THE MOLESKINE STORY

FROM LEGENDARY BEGINNINGS

The Moleskine notebook is the heir and successor to the legendary notebook used by artists and thinkers over the past two centuries: among them Vincent Van Gogh, Pablo Picasso, Ernest Hemingway and Bruce Chatwin. A simple black rectangle that held the sketches, notes, stories and ideas that would one day become famous paintings or the pages of beloved books. In the mid-1980s, the notebook that Bruce Chatwin had nicknamed “moleskine” became increasingly scarce and then disappeared completely. In 1997, a small Milanese publisher brought the legendary notebook back to life, choosing this literary name to revive an extraordinary tradition of creativity and self-expression.

THE JOURNEY BEYOND PAPER

Moleskine has grown into a brand that encompasses a whole family of nomadic objects dedicated to our mobile identities, versatile tools for both ordinary and extraordinary journeys: notebooks, journals, bags, apps, writing instruments, reading accessories and books, which complement each other in form and function, and which become open platforms for creativity and self-expression for the thinkers of tomorrow. From a book yet to be written, to the tools needed to write it, digital systems that allow the most seamless ways of expressing creativity, and bags to contain the things we need on the move, Moleskine offers an ecosystem of carefully designed objects and services that inspire mindful travel, foster ideas and trigger exploration. This ecosystem also includes physical and online spaces such as our own-brand stores around the world, Fold magazine, and the myMoleskine online community.

FACILITATING SEAMLESS WORKFLOWS

Moleskine believes in the infinite potential for continuity and connection between analog and digital. Various analyses have shown us that Moleskine enthusiasts are naturally inclined towards the digital realm and feel completely comfortable using both analog and digital devices, or even merging them together to create new hybrids. Moleskine creates and delivers meaningful Consumer Journeys that blend analog and digital elements in order to fulfill our users' needs. Moleskine Smart is an ecosystem of smart tools and services designed to simplify the creative and productive process. Smart notebooks with special page layouts together with smart pens and mobile apps instantly bring content from page to screen, allowing an idea to evolve naturally on paper before being edited and shared digitally. Building on the brand's role as an enabler of creativity, the Moleskine Smart category seamlessly integrates analog and digital features to offer a more connected experience.

MOLESKINE SPACES

Today, Moleskine makes room for inspiration not only in its collections, but also in a series of physical and online spaces. Whether real or virtual, each one embodies Moleskine core values and provides opportunities for the brand's community to meet, share knowledge and build ideas. Moleskine spaces include own-brand stores in major cities around the world; the myMoleskine online community; and Fold magazine by Moleskine.

myMOLESKINE

myMoleskine is a multipurpose online space for artists, doodlers, scribblers, visual mind mappers, DIY crafters, notebook hackers and Moleskine enthusiasts. Somewhere to upload and share pictures of creative projects that use Moleskine notebooks as a canvas: illustrations of a special journey, watercolor sketches of a cityscape, penciled portraits of a stranger in a crowd, calligraphic fragments of a poem written on the road. A living library of Moleskine-inspired creations that doesn't stop at traditional art forms, but also welcomes notebook hacks, productivity tweaks and fine tuning customizations.

FOLD MAGAZINE

Fold by Moleskine is an online magazine that layers stories, events, lists, images and tutorials which invite the reader to delve between the lines and into a world of inspiration. Articles, features, people and places come together in each online edition to gradually unfold the creative process. UNFOLDING STORIES

We believe in the power of stories to move people and bring about positive change. From the history of the legendary notebook used by creatives over the centuries to notes penned today, all our objects connect you to an ever-evolving story of inspiration.

Our notebooks, apps and bags are designed as portable tools that quietly frame and celebrate creativity, exploration and ideas. We offer spaces where stories can unfold –platforms where everyone and anyone can contribute to the making of contemporary heritage. The next chapter is yours to create.

CREATIVITY

Creativity goes beyond art: it encompasses time management, project organization and innovative problem-solving.

CULTURE

Culture is dynamic, multicultural, progressive, often informal and in constant evolution. Today's notes and sketches are the cultural heritage of tomorrow.

PERSONAL IDENTITY

Personal identity is tied to self-expression. Identity is expressed through the ideas you note down on the page and the things you never leave home without.

EXPLORATION

Exploration and travel mean ordinary as well as extraordinary journeys. Exploring with the imagination is as important as physical travel.

MEMORY

Memory is about keeping track of professional and personal projects, or perhaps recording a journey. Memory is triggered by writing and sketching by hand on the page.

CURIOSITY

Personal growth means being curious about everything, taking every opportunity to learn, and being open to your surroundings. Knowledge-acquisition through curiosity is a life-long process.

PRODUCTIVITY

The brain works differently when writing longhand and concepts often grow more naturally on the page. Productivity means using the right tools to capture, share and grow ideas.

Each Blend Notebook has a bookmark ribbon and elastic closure in striking complementary colours, as well as an expandable inner pocket to store loose notes and the distinctive 'in case of loss' notice.

Part of a wider collection of textile notebooks, Blend Notebooks engage the senses as you fill the blank pages inside.

Misadventures noted.

This Pinocchio Limited Edition Collection celebrates Carlo Collodi's classic moving story following the misadventures of one of the world's most famous puppets. Page after page, Pinocchio shows us the value of mistakes – whether on the road or on the page – and how they bring us closer to where we want to go. Look inside to discover themed endpapers and a set of stickers to customize your notes. Get creative with the paperband B-side which features a paper puppet to cut out, color and make.

INSPIRATION

SAKURA

LIMITED EDITION NOTEBOOKS

Fleeting inspiration.

Capture passing ideas on the page as you enjoy the exquisite yet short-lived beauty of Japanese cherry blossom. Each one is delicately adorned with soft Sakura blooms in shades of pink, white and lilac to evoke Japan's eagerly awaited cherry blossom season. The notebooks in the collection all have fabric covers to add a lightly tactile element to your notes. The Sakura theme continues on the notebook endpapers, story card, and paperband B-side – which contains a set of decorative floral tags to use on gifts or to brighten your space. BAGS & ACCESSORIES

Containers for a mobile lifestyle.

A MOLESKINE BAG SPEAKS VOLUMES

Moleskine objects are all portable platforms for self-expression – from blank pages that invite you to note down ideas, to bags and pouches that make space for the unique combination of things you carry every day. The belongings we never leave home without tell a story about who we are, just as much as the contents of our notebook and smartphone. Moleskine bags, cases and pouches all convey our personalities by containing the things that we need most often on the move.

YOUR IDENTITY ON THE MOVE

There are now more than 50 million people living today who rely more on an email address than a fixed abode. These creative professionals and knowledge workers live in a global universe with no borders, where every change of location is a journey, both physical and emotional. In this mobile context, it is increasingly the things that come with us, the objects we carry, that define us. Keeping them safe becomes a basic human need, and the bag we choose for the job speaks volumes about who we are.

WHAT IS A MOLESKINE BAG?

Inspired by the legendary notebook, Moleskine bags are smart and well-designed objects that adapt to your needs and unique contents.

- A Moleskine bag is **practical**
- A Moleskine bag is **light**
- A Moleskine bag is **simple**
- A Moleskine bag is **essential**
- A Moleskine bag is **discreet**
- A Moleskine bag is **safe**
